General	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
Inhalation	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.
Eyes	Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.
Skin	Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.
Ingestion	Do NOT induce vomiting. Dilute product by giving large quantities of water or milk. Call your nearest poison control center for further action and seek medical attention immediately.

4.2. Most important symptoms and effects, both acute and delayed

Overview	Inhalation: Vapors are extremely irritating and upon prolonged contact can cause burning of tissue. Skin Contact: May cause irritation and burning of tissue. Eye Contact: May cause severe irritation and burning of tissue. Ingestion: May cause burning or irritation to mucous membranes of mouth, throat, esophagus, and stomach. May cause headache, nausea, vomiting, and weakness. Moderately toxic. Signs and Symptoms of Exposure: Irritation in areas of exposure. Medical Conditions Generally Aggravated by Exposure: Respiratory conditions, allergies, and skin sensitivity. See section 2 for further details.

8.2. Exposure controls

Respiratory	Organic vapor respirator if vapor concentrations exceed TLV.
Eyes	Use chemical goggles.
Skin	Wear plastic or rubber-coated gloves.

Engineering Controls Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:
