4. First aid measures

4.1. Description of first aid measures

General

In all cases of doubt, or when symptoms persist, seek medical attention.
Never give anything by mouth to an unconscious person.

Inhalation

Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

Eyes

Wash immediately with plenty of water, being sure to wash under the eye lid for at least 15 minutes. Do not let victim rub eyes. Seek medical attention if irritation persists.

Skin

Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.

Ingestion

Do NOT induce vomiting. Seek medical attention. Treat as alkyl sulfonate soap.
